MONEY, STOCKS AND GRAIN

Lively Flurry in Wall Street on Account of Whisky Trust Sensation.

Afterwards a Better Feeling Prevailed on a Report that the Market Was Tricked-Indianapolis Cereals Decidedly Weak.

THE BOND MARKET.

Issues Firm, with Sales Only Reaching \$680,000. At New York, yesterday, money on call was easy at 2@24 per cent, the last loan being made at 21/2; closing offered at 21/2.

Prime mercantile paper, 6@8 per cent. Sterling exchange was firm, with actual business in bankers' bills at \$1.8514 for sixty days and \$4.89@4.89% for demand.

Distillers' and Cattle-feeders furnished the only sensation of the day at the New York Stock Exchange. At the opening a sharp attack was made and the stock broke 4%, to 13, under a perfect avalanche of offerings. The drop was, of course, due to the announcement that five distilleries had withdrawn from the trust, ostenbecause of nonpayment of rental for premises on which they are operated. Consequently it was mooted around that the move had been made chiefly for speculative effect, some of the insiders being credited with being heavily short. Certain men here gave the stock support, and a rally to 16% ensued. The general list yielded 4 to 1 per cent. in the early dealings. The comparatively slight effect of the break in Whisky on the general list occasioned no little surprise, and some of the traders showed a disposition to cover. During the afternoon the advance was lost in sympathy with a brisk selling movement in Reading, which yielded 1% to 22% on the complications likely to arise from investigation by Examiner Rice. The sales aggregated 208,899 shares, of

The railway bond market was firm. The sales were \$680,000. Toledo, St. Louis & Kansas City firsts sold up 642 points, to 67, and closed at 65. Ohio Southern fours rose Government bonds were steady, and State bonds were dull. Closing quotations

LUCAL GUAIN AND PRODUCE. Trade Opened Brisk Yesterday, with but Few Changes in Velues.

In most departments yesterday trade was active, and prices, as a rule, were steady and firm. The dry goods market has become more settled, and no changes in values were reported yesterday. Sugars, coffees and teas were firm at quotations, and canned goods are firmer than they have been. Receipts of poultry, butter and eggs are liberal, prices easy. Irish potatoes, both old and new, are firm at prices given. Lemons are scarce and advancing in tendency. The seed market is flat, and prices on clover week. The hide market is fairly active, and prices easy at quotations. The new clip of wool is coming in freely, and must be clean and nice to bring best quotations.

The local grain market opened quiet yesterday. There was a fair attendance on Change, but the bidding was cautious. No. 2 red wheat advanced 4c, and some grades of corn were a shade higher. Oats were steady and in moderate request. Track bids were:

What He Noticed.

Detroit Free Press. Detroit has a minister, as have other towns for that matter, who doesn't always preach as short sermons as he might, yet who has many admirers. The other Sunday one of these took a visitor to church with him. After service he wanted to know the visitor's opinion. "What do you think of that sermon?" he

inquired with considerable pride. "Very good sermon," responded the visi-"You're right; it was all wool and a yard The visitor sighed just a little.

"It wasn't the width I noticed so much."

he said slowly. "as the length."

ANOTHER ADVANCE IN GRAIN

Kansas Wheat Crop Estimated Damaged 15,000,000 Bushels by Hot Winds.

After Opening Lower the Leading Cereal Worked Up and Finally Closed 14 to 3sc Higher, Influencing Both Corn and Cats.

TRADING AT CHICAGO.

Provisions Showed New Strength, Pork, Lard and Ribs All Advancing. CHICAGO, May 22 .- Hot winds were said to have prevailed over two-thirds of Kansas yesterday, cooking the wheat, and the estimate of the State's yield was reduced 15,000,000 bushels. There was considerable covering here to-day by shorts on the showing, and Cudahy's brokers were active buyers for a time, so that during the first half hour there was an advance of 1/2c. There were also reports of bad weather in the Northwest, with lower temperature. But the deliveries were very heavy. Rain was reported in France and Germany, and the drought was said to have been completely broken in England. The Kansas situation seemed soon forgotton, and prices turned weak, with a meager volume of business. The visible supply was a disappointment, the trade having been looking for 2,000,000 bushels decrease, and got only a little over 1,000,000 bushels. The market opened at about the closing figures of Saturday, and prices were advanced %@ 4c. for July and 4c for September.

There was good selling of corn by some of the larger shipping concerns, but the crowd took the offerings readily and prices held firm. A liberal reduction in local stocks and large decrease in the visible, together with talk of cold weather, all had a tendency to sustain and advance the price. The market opened a shade under the final figures of Saturday, was easy for the moment, but soon rallied 42c, worked back 4c, advanced 3sc, receded a trifle, ruled firmer and at the close had gained 4

The offerings of oats were lighter and a The other futures advanced 12 @ 18c, except September, which only advanced 4c. The close was steady at about the top.

The reign of duliness in provisions that set in last week was continued to-day. There was scarcely anything doing, with the market lower in sympathy with the weakness in live hogs at the yards and a lack of buying orders, Closing prices show the following declines in the September deliveries, compared with Saturday's latest quotations: Pork, 274c; lard, .12 2c, and ribs, .02 2c.
Freights were in fair demand, and lake rates steady at 1 2c for wheat and 1 4c for
